

Elevate your chicken offerings with **Tyson® Boneless Thigh Wings** – a boneless, skinless whole muscle chicken thigh that's uniquely cut to look and eat like a bone-in wing. Thigh meat adds flavor, juiciness and texture to this customer favorite, offering the same wing-eating experience without the hassle of a bone. Made from chicken raised with No Antibiotics Ever, these versatile wings can diversify your chicken category while serving customers a product they can feel good about eating.

Features and Benefits

- Made from chickens raised with No Antibiotics Ever; appeals to customers looking for clean label ingredients
- Convenient product that's breaded and fully cooked, reducing back-ofhouse prep time
- Versatility creates a unique product that an operator can utilize across the menu
- Capitalizes on consumer demand for juicy, tender thigh meat
- Sales of chicken thighs and dark meat have grown immensely in the past 10 years¹
- 61% of consumers said they are interested in poultry that's identified as "antibiotic-free" ²
- Menu penetration of boneless wings is up 35% over the past four years³
- Bone-in and boneless wings are two of the top three preferred chicken apps and snacks⁴
