

Sysco Knows Fresh™

NEWPORT[®] MEAT

PACIFIC NORTHWEST a Sysco company

OUR MISSION

Newport Meat Pacific Northwest has been a premium protein supplier in the Pacific Northwest since 1921. From our humble beginnings in the Fulton district downtown Portland to the state of the art facility in northeast Portland. Newport sets the standard for quality, integrity, food safety, and consistency to your customers' plate. Our business is still built one customer at a time.

For all of us at Newport Meat Company, Newport Pride is so much more than a brand...it is how we conduct business. We take pride in the products we produce, the farmers, ranchers, producers we source from and the customers we service. We are also proud of our dedicated team of professionals that are passionate about delivering high quality products and industry leading service.

QUALITY IN ALL WE DO

Our specialty is quality, local, natural, and sustainable beef, pork, veal, lamb, poultry in addition to our full line of specialty grinding blends. Our relationships with ranchers, suppliers and producers has cultivated solid partnerships bringing consistent, quality products to foodservice for nearly 100 years. Newport Meat Pacific Northwest has set the standard for premium ground beef with our proprietary single grind process that provides superior texture and flavor. We source local chucks and wagyu for custom blends that are the most unique patties in the Pacific Northwest.

PREMIUM PRODUCTS & SERVICES

From our premium brands we offer these programs:

- Snake River Farms Wagyu
- Country Natural Beef
- USDA Prime
