# OUTDOOR DINING Partnerships

Cold and inclement weather is upon us and by leveraging your outdoor space with creative dining solutions you can increase your bottom line. With this in mind, position your outdoor space as an exclusive winter wonderland experience.

## Some creative ideas and considerations include:

- Book reservations and include a special preset multi-course menu and bottle of wine.
- Provide clean and sanitized blankets for guests to enjoy while dining.
- Offer winter cocktail specials, such as spiced whiskey cider, Bailey's, hot toddies... get creative!
- Feature cold weather foods like chili, stews, soups, bisque, or cassoulet.
- Implement a set fee with reservations for large parties or special events.
- Set time limits per reservation to maximize seatings.

Whether you need a full end to end outdoor cold weather solution that includes all the needed structure and heating options or a la carte options, Sysco has you covered. We have thoughtfully collected recommended resources and partnerships to support you during the cold weather months.

**RANCO**  
RESPONSE

## End to End Solution

Ranco designed the 26° pitch structures specifically for snowy climates. The increased pitch allows the roof to shed snow much better than standard tents, making them perfect for semi-permanent installations during winter months. Structures can easily integrate with climate control solutions to suit your needs.

## Available Items:

- Wind & Snow Rated Canopies
- Lighting
- Safety Package
- Concrete Weights
- Generators
- Full HVAC
- Patio Heaters
- Tables
- Chairs
- Laydown Flooring

## Geodesic Designs

*unique outdoor experience*

Geodesic domes are an easy opportunity to provide a unique sheltered experience for your guests on your patio. Setup in less than 2 hours for a wind, rain, and snow-proof solution.

Domes can be heated and seat up to 8 guests. We recommend offering this seating as an exclusive reservation with a minimum bill amount, and a dedicated server.

## Heaters

*heat your outdoor space*

Already have an outdoor space? Electric or propane heaters are great options to warm your space to make it a year-round experience.

Our partners will provide a consultation on your dining area and give recommendations for equipment that will be best suited to heat your venue in an efficient and effective manner.

**Partners include: Sunbelt Rentals, and Herc Rentals.**

Contact Sysco Marketing Services for more information on these partners at 1-800-380-6348 or [marketingservices@sysco.com](mailto:marketingservices@sysco.com)
