

BUCKHEAD *Pride*

FEATURES AND BENEFITS

Pull what you need when you need it, as these IQF burger patties are designed to be cooked from the frozen state.

Eliminate HACCP concerns that come when working with raw ground beef as these patties are pre-formed and measured to exacting standards.

Veteran Strong burgers come in a wide variety of exciting blends that will raise the bar on any burger menu or specials board.

Feel good about supporting a worthy cause, as Jackson and Partners will make a donation to Hire Heroes USA, a 501c(3) that serves veterans and their families with every case purchased.

CULINARY APPLICATIONS

The Alpine Burger: Our tender, juicy burger patty topped with a generous portion of portabella mushrooms, swiss cheese and complemented by our spicy brown mustard. Served on a toasted brioche bun.

The Breakfast Burger: A chuck and brisket blend patty is seared to perfection and topped with melted American cheese, crispy bacon, a sunny-side-up egg, and laced with our espresso infused bbq sauce. Served on a toasted brioche bun.
