HIRING SOLUTION

Company Description:

Workstream is a powerful hiring tool for local businesses, especially restaurants. We help you source, screen, interview, and onboard hourly workers in a fraction of the time.

Value:

The Workstream platform is built on powerful automation and 2-way text messaging. You can be the first to engage, screen, interview, and onboard applicants, leading to better hires and saving your team an average of 10+ hours per week.

Advantage:

Workstream was built and is continuously improved upon with one goal in mind: to help small businesses hire hourly workers as efficiently as possible.

Product Offering:

The Workstream Hiring product is inclusive of the Sourcing and Screening modules:

Sourcing – Will maximize visibility on all your job openings. Post to over 2,500 job boards all from the Workstream platform with text-to-apply functionality and customized text-to-apply posters that can be displayed at store fronts or given out as job flyers to attract applicants in your local proximity. Engage potential applicants by publishing any openings to major social media platforms such as Facebook, Twitter, LinkedIn, Whatsapp, etc.

Screening – Will maximize your speed of engagement with applicants and automate mundane workflows that can and should be automated, including the scheduling of interviews with automated SMS/Email responses to applicants upon application.
